

GAS CYLINDER HEATERS

Powerblanket® has the best gas cylinder heaters on the market. Our heating blankets will overcome the effects of cold weather and maintain pressure and efficiency on any gas cylinder.

Why Choose Powerblanket®?

- Increase performance and efficiency of gas cylinders
- Save money by optimizing gas and material usage
- Eliminate unnecessary cylinder refills in cold weather
- Insulated full-wrap design
- UL/CSA/CE safety certifications

A large US railroad company that uses these heaters is able to keep snow off the tracks by applying the Powerblanket® Gas Cylinder Warmers to their 1000 lb propane tanks which power their generators along the railway system. Before using the Powerblanket® heaters, the cold temperatures kept the propane from vaporizing, which meant there was not enough pressure in the tank to run the generators.

420lb propane / 30"D x 52"H Gas Cylinder Heater

20lb propane / 12"D x 18"H Gas Cylinder Heater

100lb propane / 14.5"D x 48"H Gas Cylinder Heater

For high volume or hazardous location applications, contact Powerblanket to quote a custom design.
